

## Sales teams can work anywhere, anytime

MYOB EXO OnTheGo is an application (app) that has been designed specifically to meet the needs of the salesperson or account managers.

Staff can use the MYOB EXO OnTheGo application to securely connect and access the on premise business information, enabling them to better manage the entire quote and order process.

EXO OnTheGo empowers sales teams to quickly make and convey key decisions, optimising the order process. Customers will receive their orders quicker with fewer mistakes – improving satisfaction.

### What are the benefits of EXO OnTheGo?

- > Specifically designed for sales teams
- > Access client information on the go
- > Friendly design and simple operation
- > Complete the end-to-end sales process on the go – create customers and contacts and enter or amend orders all at the clients door
- > Create and manage appointments and tasks, then sync appointments to the iPad calendar so you never miss a great opportunity
- > View real time item details and inventory status at any time and confidently commit to delivery times
- > View, email or print outstanding customer invoices and orders to assist in pro-active account management
- > Pain free setup by downloading the app from the app store then configure it to EXO Business and you're away
- > Your business data is safe and secure with password/pin code login to the application, and communication with your EXO Business system secured using hash tokens
